Tassal's response to Huon's newest proceedings in the Federal Court

Tassal is correcting misleading errors cited in today's Huon Aquaculture market release, with public immediate clarification necessary.

Tassal has made the following clarification:

- Tassal is not in breach of any Environmental Protection Authority (EPA) biomass determination for Macquarie Harbour.
- The EPA is in possession of Tassal's current production and biomass numbers.
- Tassal can confirm it has received approval to trial a waste capture system to improve environmental conditions in Macquarie Harbour.

Mr. Ryan, Managing Director and CEO says all three of Tasmania's salmon farming companies had historically worked collaboratively, getting back to that position is critical.
